

As We Gather in His Name

Words and Music by
Brad Guldemon
& Mike R Schuster

As we gather in His name, come to Him just as you are today
As we seek His face, turn your hearts and turn your eyes His way

As we gather in His name to sing with one voice
As we gather in His name the heavens rejoice
As we gather in His name, singing His praise
He meets us in this place – as we gather in His name

As we hear His Word today listen now to what He has to say
As we wait on Him and pray strength will rise and lives begin to change

As we gather in His name to sing with one voice
As we gather in His name the heavens rejoice
As we gather in His name, singing His praise
He meets us in this place – as we gather in His name

We find grace and mercy, forgiveness at the cross
We find love and friendship, a passion for the lost
We find acceptance, healing, a place where we belong
We find blessing, peace and hope to carry on

As we gather in His name to sing with one voice
As we gather in His name the heavens rejoice
As we gather in His name, singing His praise
He meets us in this place – as we gather in His name

As we gather in Your name to sing with one voice
As we gather in Your name the heavens rejoice
As we gather in Your name, singing Your praise
You meet us in this place. You meet us in this place
As we gather in Your name
As we gather in Your name
As we gather in Your name
